An exceptional speaker program!

EXPLORE OVER 500 INNOVATIVE CONFERENCES

The World Design Summit (WDS) and IFLA World Congress is nearly upon us. The combination of our congress alongside such an unprecedented design-focused global gathering means this year promises to be something special.

The WDS boasts more than 35 outstanding keynote speakers, the Chair of IFLA's Climate Change Working Group, Colleen Mercer Clarke is one of these, you can find out more about her keynote and those from other esteemed colleagues [here](#).

Alongside the keynotes there are over 650 speakers - the WDS Scientific and Professional Committee has selected today's most energetic design professionals to present their work and ideas on stage and the [Landscape Architecture profession is well represented](#).

The speakers are just one part of the WDS, alongside them there is also a summit of international organisations who will be committing to a joint declaration and international action plan for solving global issues through design and also an expo with over 30,000 trade professionals.

Dont forget the IFLA World Congress, organised by the CSLA-AAPQ will be held alongside the WDS. Full info on this can be found on the [CSLA website](#).

Hopefully be seeing you in Montreal!
