

IFLA NEWS

IFLA is delighted to announce that [Rain Bird](#) has given its support to IFLA as a global partner. This support will assist in growing the services IFLA provides to its members.

As well as financial support, Rain Bird will assist IFLA in establishing a Knowledge Hub to share technical data and links that will benefit landscape architects worldwide. In time, this knowledge hub will become a primary reference for practising landscape architects consistent with IFLA's mission to connect the landscape architecture profession worldwide.

We would like to welcome Rain Bird to the IFLA family

22 July 2018

This IFLA News comes from Bruno Marques, Chair of IFLA CER Committee
